[HISTORY: Adopted by the Common Council of the City of Monona as Title 11, Ch. 6, of the 1994 Code. Amendments noted where applicable.]

§ 312-1. Public nuisances prohibited.

No person shall erect, contrive, cause, continue, maintain or permit to exist any public nuisance within the City of Monona.

§ 312-2. Public nuisance defined.

A public nuisance is a thing, act, occupation, condition or use of property which shall continue for such length of time as to:

- A. Substantially annoy, injure or endanger the comfort, health, repose or safety of the public;
- B. In any way render the public insecure in life or in the use of property;
- C. Greatly offend the public morals or decency;
- D. Unlawfully and substantially interfere with, obstruct or tend to obstruct or render dangerous for passage any street, alley, highway, navigable body of water or other public way or the use of public property.

§ 312-3. Chronic nuisance property. [Added 7-7-2008 by Ord. No. 5-08-580; amended 7-15-2013 by Ord. No. 7-13-647]

- A. Findings. The Monona Common Council finds that certain Property within the City receive and require more than the general, acceptable level of police services and Building Inspection Department services, place an undue and inappropriate burden on City of Monona taxpayers, and constitute public nuisances. Nuisance activity contributes to the general decay of an affected neighborhood and negatively impacts law-abiding residents in these neighborhoods. This ordinance is enacted to encourage Property owners and Persons in Charge, as defined below, to recognize their responsibility to ensure that

activities occurring on their Property conform to the law and do not unduly burden the City's police and Building Inspection resources and to provide a mechanism for the City to take action against Property owners and/or Persons in Charge who fail to ensure Property they own or control do not require a disproportionate level of police and Building Inspection resources to be devoted to such Property. This ordinance provides a method for Police and the Department of Building Inspection to use in a progressive manner when working with property owners and Persons in Charge to abate nuisance activities occurring on their Property. Therefore, the Common Council determines that the City will charge the owners of such Property and/or Person in Charge with the costs associated with abating nuisance activity at Property where nuisance activities chronically occur. This section is not intended to discourage crime victims or a person in legitimate need of police services from requesting them. This section does not affect a Property owner's duty to comply with Chapter 225, Fair Housing, of the Code of the City of Monona, nor does it affect a Property owner's duty to comply with all other laws governing residential tenancies which are contained in the Wisconsin Statutes, and the Wisconsin Administrative Code.

The Chief of Police or the Director of Building Inspection shall provide written notice of his or her determination to the Property owner identified by the City of Monona Assessor's records for that Property and/or Persons in Charge. The notice shall be deemed delivered if sent either by first class mail to the Property owner's or Person in Charge's last known address or delivered in person to them. If they cannot be located, the notice shall be deemed to be properly delivered if a copy of it is left at the Property owner's or Person in Charge's (1) place of business with the person who is apparently in charge of the office, if the Property owner is a corporate entity; or if the Property owner is a natural person, at their usual place of abode in the presence of some competent member of the family at least 14 years of age, or a competent adult currently residing there and who shall be informed of the contents of the notice. If a current address cannot be located, it shall be deemed sufficient if a copy of the notice is sent by first class mail to the last known address of the owner as identified by the

G. Section 335-8, Loud and unnecessary noise. This section should be reviewed against the provisions of § 480-10A of the Zoning Chapter, Noise. Said Zoning section regulates noise between the hours of 7:00 a.m. and 9:00 p.m., and 9:00 p.m. and 7:00 a.m. using decibel levels. This section uses "community standards" regulations and not specific decibel levels, and the timeframes regulated are different (10:00 a.m./p.m. instead of 9:00 a.m./p.m.). Is any revision necessary? At a minimum, perhaps the timeframes should be made consistent.

Decision:

- Revise § 335-8 to change the 10:00 timeframes to 9:00 to match the timeframes in § 480-10A.
- Revise as follows: _____
- Make no change.

232-4 REGULATION OF FIRE ALARM SYSTEMS, FALSE ALARMS.

(1) Definitions. For the purpose of this ordinance, the following definitions shall apply:

“Alarm” means any sound, signal or message generated by an alarm system, alarm user or other person, to which fire personnel are expected to respond.

“Alarm user” means the person, partnership, corporation or other entity of any kind in control of any building, structure or facility or portion thereof, wherein an alarm system is in operation.

“Alarm System” means any system, device, or mechanism which, when activated, transmits a telephonic, wireless, electronic, video or other form of message to an alarm system monitoring company or some other number or emits an audible or visible signal that can be heard or seen by persons outside the protected premises or transmits a signal beyond the premises in some other fashion, except a medical alert alarm. An alarm system or alarm device may consist of one or more components all reporting to a central alarm station.

“Automatic dial device” means any device that automatically sends over regular telephone lines, by direct connection, a prerecorded voice message or coded signal indicating the existence of some type of emergency to which fire personnel are expected to respond.

“Central alarm station” means a facility having the receiving, recording and transmitting equipment to which remote alarm devices and electrical protection circuits are connected and where operators supervise an alarm panel and upon receipt of emergency signals indicating fires may relay a message to the fire department and may notify an alarm agent for the purpose of responding to the alarm signal.

“Control” means the power or authority to manage, superintend, direct or oversee a building, structure or facility or portion thereof.

“Department” means the City of Monona Fire Department and its personnel and includes other fire agencies assisting the Monona Fire Department.

“False Alarm” means the reporting of or activation of any monitored or non-monitored alarm system where the Department arrives at the premises and determines that there is no evidence of a fire or emergency on the premises that would warrant a call for fire assistance or investigation. An alarm shall be presumed to be false if the responding Department does not locate evidence of a fire or emergency on the premises that might have caused the alarm to sound. False alarm includes an alarm caused by a power outage but shall not include alarms activated by unusually severe weather conditions or other causes which are identified by the Chief to be beyond the control of the Alarm User.

“Fire” means the City of Monona Fire Department and its personnel and includes other fire agencies assisting the Monona Fire Department.

(2) Alarm Requirements.

(a) Alarm system user responsibility. It shall be the duty of the alarm user to properly use the alarm system, ensure that all alarm users are instructed in the proper use of the alarm system and are aware of the provisions of this chapter and to maintain the alarm system in proper working order. The alarm user shall maintain at each alarm site a complete set of written operating instructions for each alarm system. Any special codes, combinations, or passwords must not be included in these instructions but must be maintained on site.

(3) Alarm Companies and Private Responders.

- (4) Misuse of Alarm System. Use of an alarm system in the absence of an actual emergency situation, which results in the response of fire personnel; or use of an alarm system rather than a telephone to summon fire personnel in any situation where such telephone use would not create an immediate threat to the safety of the caller or other persons and misuse of the alarm system. Misuse of an alarm system is unlawful.
- (5) False Alarm. Alarm users shall not have, permit or allow false alarms to occur at any building, structure, facility or portion thereof under their control and where an alarm system is in operation. Inspections, testing, maintenance, alteration and repair activities for fire protection systems shall not result in the transmission of a false alarm.
- (6) Orders. The Chief shall have the authority to order the installation of double action pull stations or pull covers with horn when the department has responded to three (3) or more intentional false alarms at a premise.
- (7) Exceptions. None of the provisions of this ordinance shall apply to any official governmental body or subdivision thereof, which owns, operates and maintains its own alarm equipment.
- (8) Penalty. An alarm company, a private responder, an alarm user or a person in control of an alarm system commits an offense if they violate any provision of this section by either commission of an act that is forbidden or omission of a duty or responsibility imposed upon them by this ordinance and is subject to a forfeiture of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1000) for each offense. Prosecution action will be commenced if there is a malfunction of the alarm system or an unintentional false alarm if there are two (2) violations within one month or three violations within twelve (12) months. Prosecution action will be commenced if the false alarm occurs in the course of inspection, testing or maintenance of the alarm system. Prosecution action and penalties imposed will vary depending on whether the false alarm is a result of an intentional act, a malfunction of the alarm system, an unintentional act or a result of inspection, testing or maintenance of the alarms system.

Former mayor, council to blame for narrow street

Posted: Friday, May 13, 2016 2:30 pm

To the editor,

I keep hearing people saying that Winnequah Road in Monona is the most dangerous street in town. It is too narrow for cars, bikes and pedestrians. That's what happens when the people that live on a street design it. There were several council members and the mayor that lived on that street at the time, and they didn't want to lose some trees, walls or property in order to make a safer street. I didn't like losing 20 feet of my property and several old trees for the reconstruction of Monona Drive, but I did and it made a safer street out of it.

Winnequah is a dangerous street, it is too narrow, my own truck is too wide when I measure the width between my mirrors, and the width between the yellow lines my truck is wider.

Maybe they should put 10-foot sidewalks through there like they wanted to do in front of my house.

Excused:

Also Present: DPW Director Stephany

A motion was made by Ms. Busse, and seconded by Mr. Franklin to approve the Public Works Committee minutes of March 31, 2016, was carried.

APPEARANCES - None

UNFINISHED BUSINESS - None

NEW BUSINESS

6A: Consideration of bid award for 2016 Street Micro Surfacing Project – Director Stephany explained the bid summary information from the April 8, 2016 bid opening. Two contractors provided bids, Struck & Irwin Paving Inc., and Fahrner Asphalt Sealers. Fahrner Asphalt sealers provided the low bid in the amount of \$221,428.02. Fourteen roads will be micro surfaced with this project. Letters will go out to properties fronting the roads to be micro surfaced, informing them of the work to be done. The award is for the base bid only.

A motion was made Mr. Turino, and seconded by Ms. Busse to recommend approval of the micro surfacing base bid award to Fahrner Asphalt Sealers in the amount of \$221,428.02, was carried.

6B: Consideration of bid award for 2016 Street Resurfacing Project – Director Stephany presented the project information for the 2016 Street Resurfacing Project, and discussed the bids that were received at the April 15, 2016 bid opening. Bids were received from three contractors, with Wolf Paving & Excavating providing the low base bid of \$48,447.76. Resurfacing will take place at various locations on Winnequah Road, and on the City's portion of Crestview Drive. Letters will be mailed to properties fronting the roads to be resurfaced, informing them of the work to be done.

A motion was made by Mr. Stolper, and seconded by Mr. Besch to recommend approval of the street resurfacing base bid award to Wolf Paving & Excavating in the amount of \$48,447.76, was carried.

6C: Discussion of street parking issues on Wallace Avenue and Gordon Avenue – Director Stephany explained the current parking scenario on Wallace Avenue and Gordon Avenue, and mentioned the current parking situation on Wallace negatively impacts various services offered by public works. On Wallace, leaf collection and brush collection services are not completed, at times, because of the parked cars. The parked cars also prevent the public works staff from adequately plowing the street in winter. Often times the crew has to come back on overtime to complete snow removal.

The current parking scenarios for Wallace and Gordon were included in the handout. There are no parking restrictions on Wallace, and Gordon has two hour parking, 8:00am to 4:00pm, Monday through Friday, in the southbound lane. Gordon northbound has no parking from 7:30am to 4:30pm, except weekends and holidays. Both scenarios are signed from Coldspring to Dean. If the City moves forward with changing the parking restrictions on Wallace and Gordon, language to be considered could include no parking on odd/even calendar dates, 7:00am to 4:00pm, on M.G. school days.

Ms. Busse mentioned that Lofty should be looked at as well. Mr. Stolper asked the committee why the students don't park in the high school parking lot, because the lots are not full. Mr. Franklin responded that the lot is fairly empty now because the high school charges the students to park in the lot.

Mr. Turino asked for Shore Acres and Parkway to be reviewed also. The Shore Acres northbound lane is full from Coldspring to Parkway. Director Stephany mentioned the parking issues on Parkway could be coming from the new Habitat Restore, and told the committee that this issue will soon be at the plan commission for review. The report the plan commission received included staff parking to be on site, and not on Parkway.

The public safety commission will be asked to review the parking restrictions at their next meeting. The streets the public works committee is seeking feedback on include Gordon (Coldspring to Dean), Wallace (Shore Acres to Dean), Shore Acres (Schofield to Parkway), and Parkway. In addition to any other ideas the public safety commission discusses, the public works committee is looking for feedback on specific sign language, No Parking Odd/Even Calendar Dates, 7:00am to 4:00pm, on Monona Grove School Days.

NEXT SCHEDULED MEETING: Wednesday, June 1, 2016.

ADJOURNMENT
