UNFINISHED BUSINESS

Recreation Director Anderson reported he has received no further public input about the Riverfront park name since the last meeting. "Grand Crossing" was chosen unanimously by the Parks & Recreation Board. The sign style will be the same as other parks and include the words, "A City of Monona Park".

Alder Moore stated it should be known as “Grand Crossing Park” to be consistent with other City parks, shelters, and beaches which include those words in their names. This would be the only such facility not so named. There is extensive business signage at the location and it may not be clear that it’s a public park. Alder Grupe reported this was a comment made at the start of the naming process. Alder Wood stated this was discussed by the Parks & Recreation Board and Alder Kitslaar agreed the decision was made but there was not a strong preference either way. It is a more modern choice that fits in with the facilities in the area. It seems like people call it Grand Crossing Park anyway.

A motion by Alder Moore, seconded by Alder Grupe to amend “Grand Crossing” to “Grand Crossing Park” as the Name of the City Park at 6320 Inland Way, was carried.

Alder Moore pointed out the book title in the last “Whereas” section is incorrect and should be “Monona in the Making”. In addition, in the interest of sensitivity to Native Americans that information recorded by Caucasians is not always correct, she brings forth the following: A motion by Alder Moore, seconded by Alder Kuhr to amend the last “Whereas” section to, “...according to the book, “Monona in the Making”, the name Grand Crossing appears to be an historical reference used by Native Americans to describe that area of the Yahara River upon which the park is located.” Alder Wood reported that, according to the Dane County Place Names book he referenced, the term “grand crossing” was not used by Native Americans, but was a name given to a confluence of several Native American trails at that location and is probably of French origin. Alder Grupe proposed an amendment that the maker and second agreed upon.

A motion by Alder Moore, seconded by Alder Kuhr to amend the last “Whereas” section of Resolution 19-10-2377 as follows: “Whereas, the name Grand Crossing is an historical reference used to describe that area of the Yahara River as outlined in the book “Monona in the Making.”, was carried.

A motion by Alder Grupe, seconded by Alder Wood to approve Resolution 19-10-2377, as amended, Approving “Grand Crossing Park” as the Name of the City Park at 6320 Inland Way, was carried.

City Administrator Gadow reported there are no changes to the Assessor agreement since the last meeting. At that time the Finance & Personnel Committee met with an Accurate Appraisal, LLC representative who then stayed for the City Council meeting. Approved will be the full value program for the 4 years of the contract.

A motion by Alder Wood, seconded by Alder Moore to approve Resolution 19-10-2376 Approving a Proposal from Accurate Appraisal, LLC for Services Related to the Assessment of Properties. On a roll call vote, all members voted in favor of the motion.

NEW BUSINESS

Review of amendments to Resolution 19-11-2380 Adopting the 2020 Operating Budget and Establishing a Tax Levy:

Amendment 20-01: To increase the 2020 Operating Budget by \$1,902 to increase a Public Works crew employee wage. Alder Kitslaar reported this reduces the 4-year plan to increase this employee’s wage, as discussed in Closed Session, to a 3-year plan. It is unknown what could happen in 4 years. Public Works Director Stephany expressed appreciation; this is a valuable employee and this brings him up to the proper level quicker.

Amendment 20-02: To decrease the 2020 Operating Budget by \$2,000 in Traffic Control Maintenance. Alder Kitslaar stated this will pay for the previous budget amendment. If insurance doesn't pay for light pole or traffic signal damage there is enough left in the account based upon history, or Fund Balance can be used.

Amendment 20-03: To increase the 2020 Operating Budget by \$1,784 to increase the Media Coordinator salary and increase Media Other Revenue by \$1,920 to include the School District share of recording School Board meetings. Alder Kuhr reported there was a miscalculation of the amount the School District is providing. The Media Coordinator will primarily be at the high school. These increases are as discussed by Director of Community Media Will Nimmow at the Committee of the Whole.

Members described additional amendments they plan to put forward. Alder Kuhr proposes an additional \$1,000 increase for the Library Youth Services Coordinator, paid for by reducing both Building and Equipment Maintenance budget lines by \$250 each and reducing Newsletter costs by \$500. Reducing the newsletter printing cost has been discussed, including reduced size and email distribution. Finance Director Houtakker will research those costs. Alder Wood stated he will propose some portion of the Fund Balance be used to pay off debt to get that account closer to the 20% policy threshold. Mayor O'Connor asks members to get amendments in as soon as possible so they can be included in the next meeting packet.

A motion by Alder Wood, seconded by Alder Kitslaar to suspend the rules and take action on Resolution 19-11-2379 Requesting Exemption From County Library Tax, was carried.

Library Director Claringbole reported this is an annual requirement to recognize that the enough funds have been appropriated past an amount calculated on equalized values and the prior year's county tax rate so Monona won't be taxed by Dane County to help support the Dane County Library.

A motion by Alder Kitslaar, seconded by Alder Moore to approve Resolution 19-11-2379 Requesting Exemption From County Library Tax, was carried.

A motion by Alder Grupe, seconded by Alder Kitslaar to suspend the rules and take action on Resolution 19-11-2378 A Preliminary Resolution Declaring Intent to Exercise Special Assessment Police Powers Under Section 66.0703, Wisconsin Statutes for Street Improvements to McKenna Road, was carried.

Public Works Director Stephany described the work planned and the assessment district. The assessable portion is the curb and gutter and road width. The total assessed won't exceed 60% of the City's cost, and can be paid in installments over 8 years. This will be determined at a public hearing and is contingent upon Public Works Committee approval. Alder Moore stated there was discussion about extending work all the way to the school. Public Works Director Stephany responded it was extended but not on Maywood Road; that is out of the scope of work. Sidewalk on Greenway Road won't be assessed.

A motion by Alder Kuhr, seconded by Alder Grupe to approve Resolution 19-11-2378 A Preliminary Resolution Declaring Intent to Exercise Special Assessment Police Powers Under Section 66.0703, Wisconsin Statutes for Street Improvements to McKenna Road, was carried.

A motion by Alder Grupe, seconded by Alder Moore to suspend the rules and take action on Resolution 19-11-2381 Purchase Approval for the Replacement of Self-Contained-Breathing Apparatus (SCBA) Bottles, was carried.

Fire Chief Sullivan reported this will replace the bottles carried on Firefighter's backs. The bottle's lifespan is 15 years; the current stock has exceeded this and need immediate replacement. He held off on replacement because he applied for a grant. The grant wasn't awarded; there were more applications than funds available. City Administrator Gadow reported there is funding in the Capital Budget by reducing the HVAC Repairs account and increasing borrowing in 2020.

A motion by Alder Grupe, seconded by Alder Moore to approve Resolution 19-11-2381 Purchase Approval for the Replacement of Self-Contained-Breathing Apparatus (SCBA) Bottles. On a roll call vote, all members voted in favor of the motion.

A motion by Alder Grupe, seconded by Alder Moore to suspend the rules and take action on Resolution 19-11-2382 Amending the 2019 and 2020 Capital Budgets for the Purchase of Self-Contained Breathing Apparatus (SCBA) Bottles, was carried.

Fire Chief Sullivan reported this action will fund the previous Resolution.

A motion by Alder Grupe, seconded by Alder Moore to approve Resolution 19-11-2382 Amending the 2019 and 2020 Capital Budgets for the Purchase of Self-Contained Breathing Apparatus (SCBA) Bottles, was carried.

City Clerk Andrusz provided information on Ordinance 11-19-723 Adopting a Records Retention Schedule. The City is required to adopt, in full, a Records Retention and Destruction Schedule as approved by the Wisconsin Public Records Board. The Board approved the Wisconsin Municipal Records Schedule in August, 2018, updated from the 1980 version. Because the Schedule lists specific records and destroy dates, redundancies in the Ordinance were eliminated.

REPORTS

Alder Kitslaar reported the Tourism Commission met 2 weeks ago and awarded almost \$45,000 to various organizations with the goal of increasing hotel room stays in the City. Contracts for projects will be received soon.

Mayor O'Connor reported she was notified by developer Steve Doran that The Commons will receive a Gold Award from the Associated Builders and Contractors of Wisconsin for Projects of Distinction and Excellence in Construction in a February ceremony, and extends her congratulations. She thanks those who attended the Education Foundation event for their support.

APPOINTMENTS

A motion by Alder Grupe, seconded by Alder Kitslaar to approve Kristie Schilling to the Transit Commission (effective immediately – April 2020), was carried.

ADJOURNMENT

A motion by Alder Grupe, seconded by Alder Kitslaar, to adjourn was carried. (7:41 p.m.)

Title: 2020 Capitol Area OWI Task Force

Policy Analysis Statement:

Brief Description Of Proposal: The Wisconsin Bureau of Transportation Safety (WIBOTS) has offered a grant to the City of Monona. The grant, titled: **2020 Capitol Area OWI Task Force**, runs from November 20, 2019 through September 30, 2020 and is in conjunction with several area wide enforcement dates, in partnership with our grant partner communities of: Cottage Grove, Deforest, McFarland, Oregon, Stoughton, Town of Madison, and Verona.

The primary objective of the grant is to discourage and decrease incidents of impaired driving within the City of Monona.

This is a multi-agency traffic grant working High Visibility Enforcement (HVE), which yields the benefits of public awareness and education to the problem of injuries and deaths related to OWI and drugged driving.

Up to \$10,000 was allocated to the City of Monona. The \$10,000 in grant funds will be for overtime and fringe benefits wages. Our cost sharing of 25% is \$2,500.00 and can be covered by on-duty personnel assigned to traffic efforts. \$10,000 yields approximately six 4-hour deployments each month of the grant.

No budget amendment needed. The city budgets for grants in the 2020 budget.

Current Policy Or Practice:

The City of Monona is included in this grant due to our accident volume along with willingness to participate and past successful participation in WIBOTS traffic grants.

Impact Of Adopting Proposal:

If we are authorized to participate in the grant, it will allow additional overtime funding for extra traffic enforcement. A requirement of the grant is to work the grant with multiple officers on several specific dates for preplanned campaigns such as the national "Click It or Ticket" campaign.

MONTHLY DEPARTMENT HEAD REPORT TO COUNCIL

DEPARTMENT: Planning, Zoning, Economic Development

MONTH OF: October 2019

Accomplishments:

- **Plan Commission:** Both Plan Commission meetings in October were cancelled as there were no agenda items. City Planner Plowman and Planning and Sustainability Intern Guerrero have updated the Zoning Permit application form. This has numerous functionality improvements, as well as clearer submission requirements for the applicant. The form also includes acknowledgment and permission for Plan Commission members and City Staff to access the property before the meeting to conduct a site visit (when necessary). The Commission is expected to meet in November to review at least one Zoning Permit application.
- **Landmarks Commission:** The Commission voted unanimously to apply for the maximum grant funding from the Wisconsin Historical Society to begin to implement the recommendations of the Intensive Survey. This will focus on individually eligible properties that could be added to the National Register. The potential Historic District in Frost Woods will not be pursued at this time. Plans for improvements to Stone Bridge Park will be discussed by the Commission at their November meeting, specifically focusing on how the Springhaven Pagoda is integrated into the design. It is likely that a future meeting between the Landmarks Commission and the Parks and Recreation Board will be scheduled to continue the discussion. Planner Plowman met with representatives from the Historic Blooming Grove Historical Society and toured the Historic Dean House on Monona Drive.
- **Community Development Authority: (1) Riverfront:** Plans are progressing for the final phase, with the expectation that they will present to both the CDA and Plan Commission before the end of 2019. Discussions continue regarding both public and private parking across the site, and how this phase will address this. **(2) Renew Monona:** A second application for Renew Monona funding was received and is expected to be on the November agenda for review.
- **Zoning Board of Appeals:** There was not a ZBA meeting held in October as no applications were received. The Variance application form has been updated and uploaded to the City website. Improvements include visual consistency with other similar City forms, PDF compatibility, as well as the same site visit acknowledgment present in the Zoning Permit application. It also includes a redesigned required document checklist to help alleviate the problem of incomplete applications.
- **Planning Department:** The new fence permit application form is complete and ready for use. This new form will replace a standard building permit application, and requests greater detail to inform administrative approvals. City Planner Plowman also completed two zoning verification requests and a certificate of nonconformity.

Routine Tasks

- All tasks related to Riverfront Project; Regular minutes and agendas for committee meetings (Plan, Landmarks, ZBA); Reviewing recently completed projects for occupancy permits and zoning code compliance; Responding to citizen enquiries regarding the zoning code, signage and potential development projects.

Upcoming Objectives / Events / Other:

- Attended both the APA Upper Midwest Planning Conference and the Dane County Annual Housing Summit.
- Participated in the Missing Middle Housing Webinar hosted by the Design Coalition.
- Finalizing the Wisconsin State Historical Society grant application – Deadline November 8th
