August 21, 2012 - Second submission to the Monona Plan Commission

---

**There have been a number of revisions to the exterior design of Treysta on the Water since the Plan Commission presentation on July 9, 2012.**

**These include:**

- More shingle style elements including stone base and pitched roof
- Reduced use of metal panel
- More use of composite wood paneling
- Updated dormer elements with shed and reverse shed roofs
- Aluminum railing instead of cable rail
- Simplified flat roof at entry
- Reconfiguration of rooftop terrace
