| # | Other (please specify) | Date |
|---|---|-------------------|
| 1 | Too bad the Dream Park Shelter doesn't have heat which would help with the skating rink activity. Had a graduation party at Fireman's Shelter and it was VERY nice! Thank you. | 2/15/2015 2:38 PM |
| 2 | Open fields could use more native tree plantings | 2/12/2015 3:57 PM |
| 3 | I do not see soccer fields nor do my kids get to play soccer in their community due to lack of fields. Other communities have soccer fields and games played in their communities. Please check them out to see how Monona is lacking in what is very important and becoming more important to no only this area but as a society | 2/4/2015 1:48 PM |
| 4 | I am still so angry about the size and accessibility of the dream park shelter. Certainly effects the use of lagoon for ice skating and a bitter dissapointment | 1/25/2015 9:05 PM |
| 5 | Need better ice skating shelters and the ice should be taken care of more | 1/24/2015 8:46 PM |
| 6 | MY Dream Park equipment is broken and run down. It needs repair. | 1/24/2015 4:32 PM |
| 7 | Pool! Awesome. | 1/23/2015 3:39 PM |
| 8 | Bigger parking lots would be helpful. | 1/22/2015 1:20 PM |

Q7 Overall, how well do you think the following facilities, programs and activities provided by Winnequah Park are currently meeting the needs of the community?

2015 Winnequah Park Master Plan Survey

| | | |
|-------------------------------|--------|----|
| Disc Golf Course | 23.66% | 66 |
| Total Respondents: 279 | | |

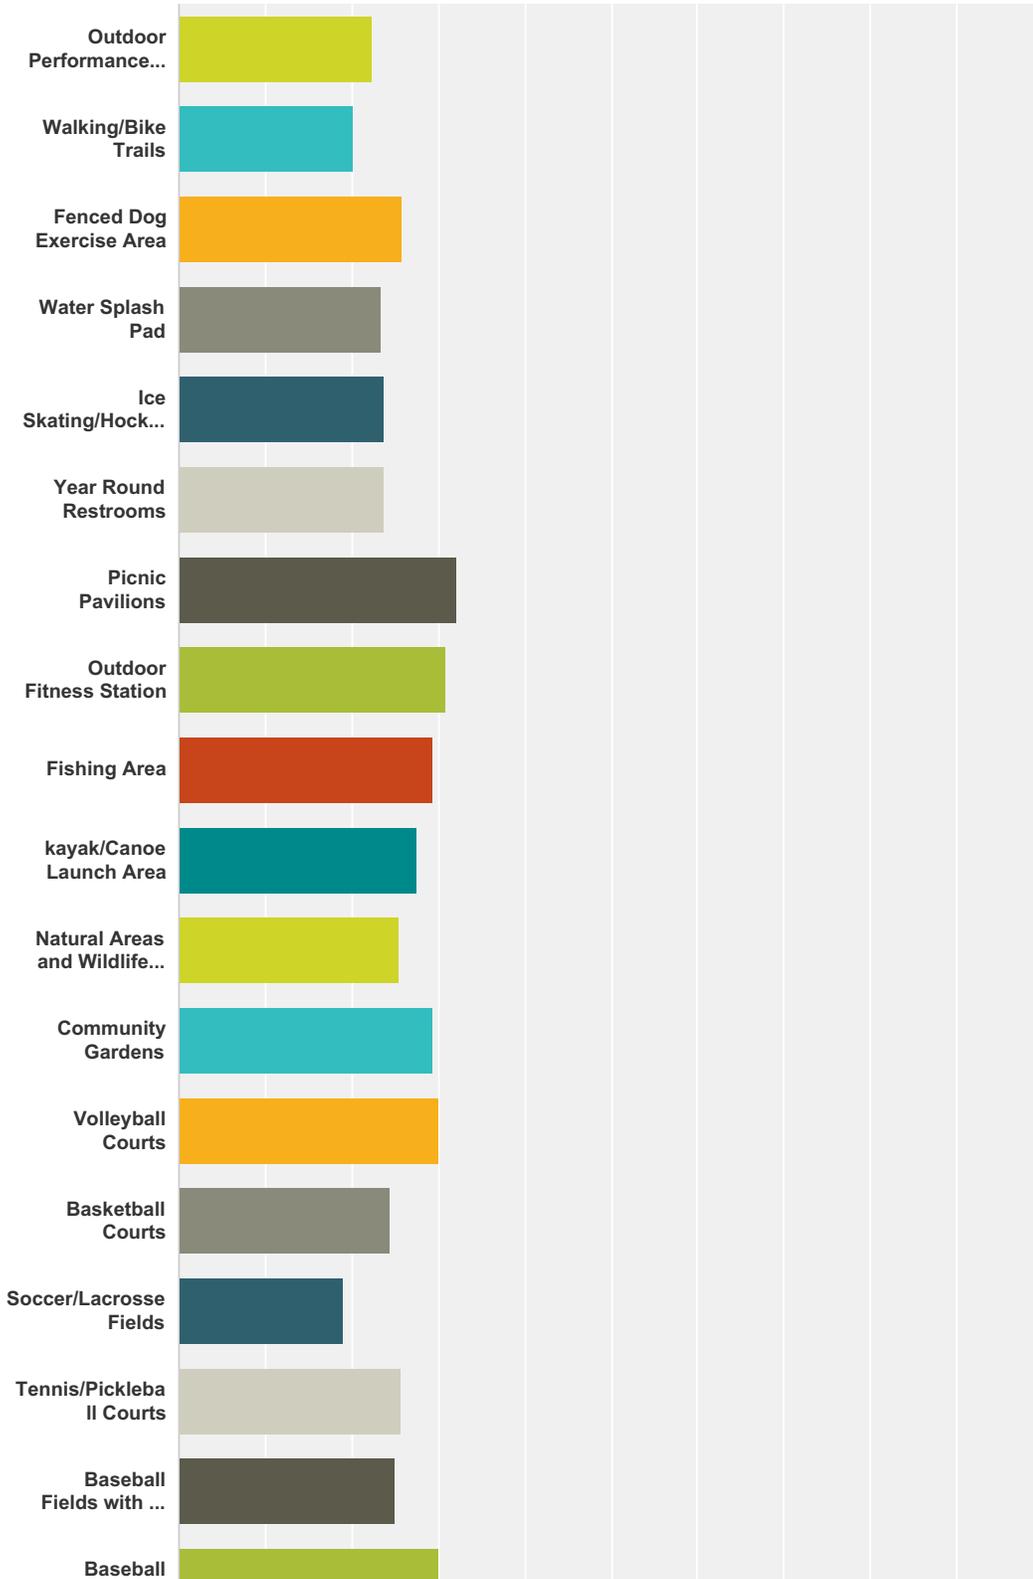

| # | Other (please specify) | Date |
|----|--|--------------------|
| 1 | No new construction! | 2/18/2015 11:07 AM |
| 2 | biergarten | 2/17/2015 3:47 PM |
| 3 | Biergarten | 2/17/2015 11:42 AM |
| 4 | beirgarten | 2/17/2015 9:59 AM |
| 5 | Winnequah Park had everything we needed for our kids when they were young and has everything we need now. | 2/13/2015 3:51 PM |
| 6 | Add to skate park | 2/13/2015 12:49 PM |
| 7 | Biergarten! | 2/13/2015 12:17 PM |
| 8 | Sidewalk along Winnequah border of park | 2/11/2015 9:43 PM |
| 9 | a walking/biking path that lead through the park from fireman's park past the gazebo and the dream park extending to Winnequah Rd would be wonderful. would love to be able to bike through the whole park. | 2/10/2015 12:13 PM |
| 10 | There is a big need for soccer fields at Winnequah park and other parks in the City. | 2/7/2015 10:05 PM |
| 11 | fence all the way around Dream Park playground because of nearby water hazzard | 2/7/2015 3:18 PM |
| 12 | Fruit and nut trees, and berry patches. Make walking paths out of wood chips, but do not make them as biking paths--bikes have plenty of paths in the area. Stollers in Monona have to walk in traffic. Please let us walk somewhere without the threat of getting run over by any type of vehicle. Ideally, the park would also convert some areas from their current uses for competitive, planned activities, such as baseball games, into more natural areas that residents could stroll through in quiet contemplation. | 2/4/2015 10:56 PM |
| 13 | splash pad makes more sense to be with pool. Families have kids with different ages so all in one area would be a more positive experience | 2/4/2015 1:48 PM |
| 14 | Hockey rink with boards, inline surface for summer? | 2/3/2015 12:54 PM |
| 15 | running path | 1/30/2015 6:36 PM |
| 16 | Allow dogs on a leash in the park. | 1/28/2015 12:33 PM |
| 17 | Beer Garden | 1/26/2015 9:43 PM |
| 18 | have you heard of "gaga pits" Our grandsons have played that at camp and absolutely loved it; essentially is a wooden corral waist high with sand bottom. kids bring a ball. | 1/26/2015 7:08 PM |
| 19 | bocce courts, adult areas for fitness, stretching, | 1/26/2015 3:33 PM |
| 20 | Beer Garden | 1/25/2015 10:29 AM |
| 21 | Dirt pump track for bmx bikes | 1/24/2015 3:53 PM |
| 22 | volleyball courts would be great...friends are always looking to play but most of them arent kept up well | 1/24/2015 10:40 AM |
| 23 | Nothing | 1/23/2015 7:45 PM |
| 24 | Cross country ski trails and snow shoe trails | 1/23/2015 3:35 PM |
| 25 | Beer garden- http://www.oldgermanbeerhall.com/estabrook-beer-garden/ | 1/22/2015 10:24 PM |
| 26 | Beer Garden | 1/22/2015 10:22 PM |
| 27 | Coffee shop/cafe | 1/22/2015 9:33 PM |
| 28 | batting cages | 1/22/2015 7:48 PM |
| 29 | biergarten, like milwaukee is doing near their city parks | 1/22/2015 1:29 PM |

2015 Winnequah Park Master Plan Survey

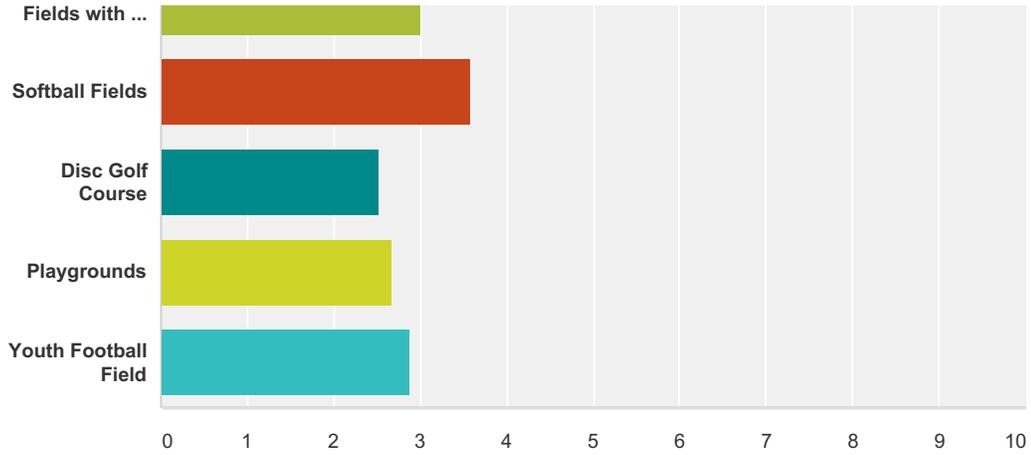

| | | |
|----|---|--------------------|
| 30 | Ice Skating/Hockey Rink doesn't have to be in Winnequah Park, but it would be nice to have somewhere. | 1/22/2015 12:23 PM |
| 31 | walking trails with mileage - even if it only hits .5 to 1 mile. then keep plowed in winter. | 1/22/2015 11:41 AM |

| 15 | beer garden | 1/22/2015 1:29 PM |
| 16 | Ice Skating/Hockey Rink doesn't have to be in Winnequah Park, but it would be nice to have somewhere. | 1/22/2015 12:23 PM |

Q10 Listed below are several improvements and possible additions that could be made to Winnequah Park. Indicate the level of importance each should receive by the City.

Answered: 279 Skipped: 6

2015 Winnequah Park Master Plan Survey

| | Very Important | Somewhat Important | Not Important | Total |
|---|----------------|--------------------|---------------|-------|
| Renovating existing Adult Softball fields to include lights, fencing, dugouts | 4.23% 11 | 39.23% 102 | 56.54% 147 | 260 |
| Renovate existing youth baseball and softball diamonds | 8.85% 23 | 46.92% 122 | 44.23% 115 | 260 |

2015 Winnequah Park Master Plan Survey

| | | | | |
|--|----------------------|----------------------|----------------------|-----|
| Improve park maintenance: mowing of grass, tree pruning, restroom cleaning, playground repairs | 30.27% 79 | 48.66% 127 | 21.07% 55 | 261 |
| Improve winter ice skating on the lagoon with better lighting and increased park maintenance | 36.26% 95 | 46.56% 122 | 17.18% 45 | 262 |
| Improve water quality in lagoon through dredging and shoreline restoration | 49.26% 133 | 33.33% 90 | 17.41% 47 | 270 |
| Develop a full size soccer field and multiple youth soccer fields | 21.09% 54 | 37.11% 95 | 41.80% 107 | 256 |
| Construct a year round restroom to support winter ice skating | 53.01% 141 | 35.71% 95 | 11.28% 30 | 266 |
| Construct an in-ground skating rink with hockey boards for a separate skating area from the lagoon | 18.29% 47 | 36.58% 94 | 45.14% 116 | 257 |
| Improving pedestrian access with walking/biking trails through the park | 57.47% 150 | 24.14% 63 | 18.39% 48 | 261 |
| Develop a fenced dog exercise area | 20.00% 51 | 23.92% 61 | 56.08% 143 | 255 |
| Develop a performance area to include a band shell and area special events | 34.25% 87 | 37.01% 94 | 28.74% 73 | 254 |

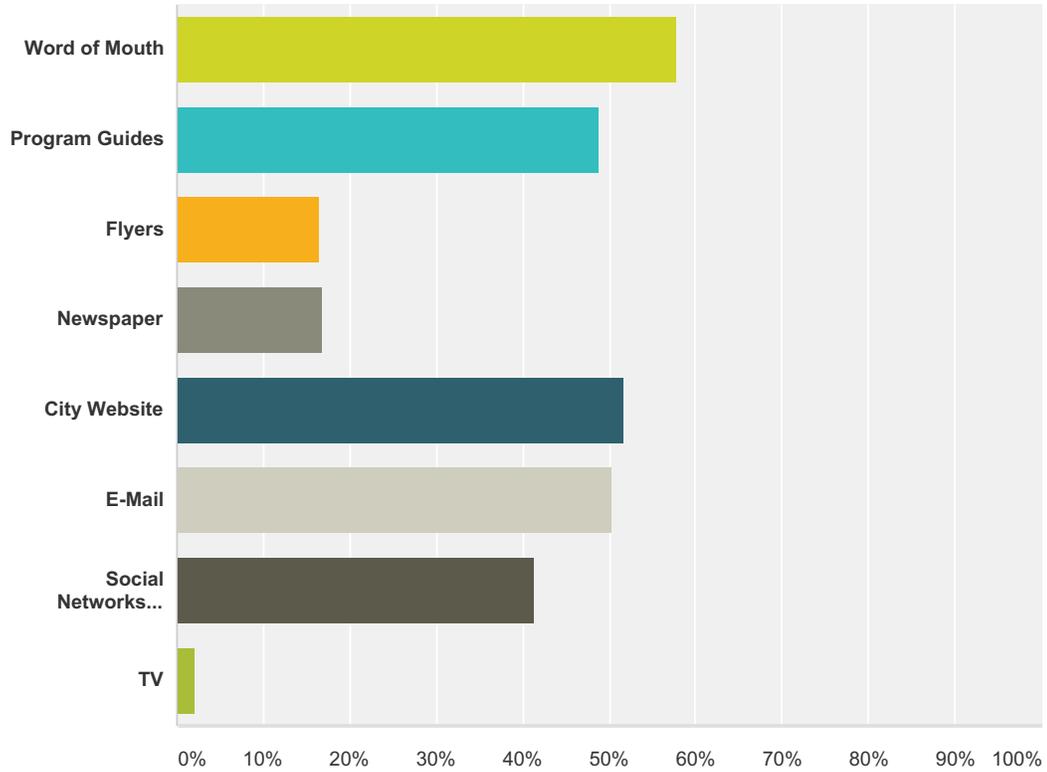

| # | Please specify other desired facility | Date |

2015 Winnequah Park Master Plan Survey

Q12 Please share any comments that you think would be helpful in determining a master plan for Winnequah Park.

Answered: 102 Skipped: 183

| # | Responses | Date |
|----|--|--------------------|
| 1 | I guess we have a budget that has to be great. Maybe a community/youth/Senior Citizen program that would have a greater outreach to individuals with economic difficulties or mobility. | 2/18/2015 11:07 AM |
| 2 | Your Master plan diagram has way to many trees and shrubs.How could you ever place any of the proposed facilities in amongst all of the trees and shrubs. | 2/18/2015 10:58 AM |
| 3 | We need to develop the parks to attract young families to the area. | 2/18/2015 10:53 AM |
| 4 | A fences-d dog park would have a very negative effect on the quality of the rest of the park. The area is too small and would be too close to other activities. The smell, noise, flies in summer and traffic from the dog park would be detrimental to the enjoyment of other's using the adjacent areas. I am a dog owner and have enjoyed the use of other city dog parks. I enjoy the use of fenced dog parks I am very aware of the downside to them if they are placed in populated or multiuse areas. The most successful dog parks are located away from private homes or other populated areas. Placing a fenced dog park within out current park would have a negative effect on the beauty of the current park, it's peaceful atmosphere and on the general enjoyment of those participating in other activities within the park. | 2/18/2015 10:32 AM |
| 5 | A dog park should not be at Winnequah Park. | 2/18/2015 10:20 AM |
| 6 | Thank you for investing the time to explore improvements to our Monona parks. Please, no matter what is decided, consider the importance of natural habitat for our birds and other wildlife. Playgrounds are good, but there is no greater teacher than Mother Nature. So many lessons can be taught by preserving and respecting our natural habitat. Thank you! | 2/18/2015 9:06 AM |
| 7 | A biergarden would be a great place to raise money and hang out for bands with kids. | 2/17/2015 11:42 AM |
| 8 | I would love to see a biergarten go in where adult could relax while the kiddos play. Something like estabrook park in Milwaukee | 2/17/2015 10:57 AM |
| 9 | I think having something like http://www.oldgermanbeerhall.com/estabrook-beer-garden/ would be awesome. It would be a great way for the community to come together as well as a great selling point and revenue generator for Monona. | 2/17/2015 9:59 AM |
| 10 | I think maintenance of the grounds that we have,as well as the shoreline of the lagoon should be a priority!!' maintain all as a park,. not a nature preserve. A lighted walking path with benches along the lagoon would be appreciated by all who use the park. The bridge over the lagoon never happened. Why???? . The land needs to graded and replanted, as the terrain on the west side is treacherous. How about allowing leashed dogs in the park to discourage the geese???? | 2/16/2015 3:35 PM |
| 11 | I think any improvements that would allow Monona to host any Baseball, Softball, Soccer or Football tournaments should be considered. The more positive exposure we can get the better. | 2/16/2015 6:37 AM |
| 12 | Thank you for putting out this survey to elicit public input. Thank you for providing such lovely parks in Monona. | 2/15/2015 2:38 PM |
| 13 | A large, centrally located dog exercise area would be wonderful. It would be a place where dogs and humans could exercise and socialize year round. There are lots of dog owners in Monona, and Monona offers no place for folks to go with their dog. We currently take our dog to Quamm dog park in Madison, but would prefer going to a dog park within walking distance, which Winnequah Park is for us. Maybe the space could be used as a space for dog training classes as well? A while back I read Monona dog park comments. A few comments stated worry that noise from barking dogs might annoy residents nearby. My experience with dog parks is that well exercised dogs are like well exercised kids. They are either calm because they got the exercise they needed or they make brief joyful noises. | 2/14/2015 5:34 AM |
| 14 | Renovating existing facilities and caring for the natural environment within the park should take priority over building new facilities and reducing green space. | 2/13/2015 10:43 PM |

2015 Winnequah Park Master Plan Survey

| | | |
|----|--|--------------------|
| 15 | We feel very strongly that there should not be a lot of building or physical change to the parks. We enjoy walking around the park on the very nice sidewalk but we also enjoy walking through the grass. We feel the park atmosphere would be interrupted with an abundance of trails or bike paths. People seem to get around very well with the layout we have now. It is important to keep up with what we have in place, the shelter, the playground equipment, the fields, the tennis courts, the pool, etc. We have nice facilities and features and our grown children flourished just fine playing baseball, softball, soccer, tennis, football and everything else. They did not get to enjoy the skate park which was a fun addition. Improving the quality of the water in the lagoon would be a very welcome project. | 2/13/2015 3:51 PM |
| 16 | A balanced combination of uses to support both kid and adult outdoor activities is desired. The current warming house at the Dream Park is excellent. However, can the existing structure be updated to support winter plumbing use, and expanded for spring and summer concessions at sporting or other events, rather than a newly constructed building? | 2/13/2015 2:05 PM |
| 17 | Could there be a sheltered location to post wildlife information -- current, and yearly? Also information about the native plantings that attract and help to feed the birds? Dorothy Haines | 2/13/2015 1:54 PM |
| 18 | More benches and trees in all areas. There are many great places already in this park, but some areas do not have room for parents to sit and watch their kids or trees for shade while you use the park. When many parks are built added on, the trees are removed. There is minimal shade in some areas. If you make park areas enjoyable for the parents/family that bring or come with the people using the park you will have more people altogether using and staying. Example: The skate park is really nice. But there is only one place to sit outside it. Parents don't have a place to hang and enjoy the park near them. And there can be a dozen + kids on the skate park, there is no where for more than 2 of them to rest/stop. There are no trees, its really HOT on sunny days. There is no water or bathrooms. So you can only stay a little while. | 2/13/2015 12:49 PM |
| 19 | I think the park is fine as it is. It currently serves a variety of recreational interests in a confined amount of space. I wouldn't want to try to cram something into that space just to appease a small group of people. There's great value in just having open space available to the public. I would focus more on maintaining what is already there. | 2/13/2015 12:28 PM |
| 20 | not the place for a dog park. | 2/13/2015 12:15 PM |
| 21 | Park is well developed and maintained. Further development not needed. | 2/13/2015 11:30 AM |
| 22 | We have enjoyed the increase in events for residents. We like these best when the people are local to monona. Ideas Bike o Rama, candle light hikes, hobby events like RC car and plane events, kite day, picnics with classical music venue, monona police and fire day - meet the teams, and kids fishing tournament. Having more events to attend that are geared to young families would be great. We like the food carts that come in during the week. It would be nice to do the food trucks on the weekends sometimes as well. It would be great to update the play equipment at Birch Haven park and at Schluter Beach. With the great increase in grade school age kids it would be good to have Nuestro return to serving the monona community to break up the age/grade ranges again to work to improve the education system in monona. | 2/12/2015 3:57 PM |
| 23 | We find the noise level distracting. We would like a ban on "personal music" (radios, etc) playing in the park. Special events should have limited "loud noise" like amplified bands, etc. We would like to see more trees and benches- especially around dream park. We enjoyed the food truck program. We often find dream park overrun with bus loads of children - seemingly far away districts coming to mafison for field trips and stopping at DP to eat. Are they paying the city a fee? They cause us to leave. | 2/12/2015 3:19 PM |
| 24 | An improved parking area would be great! As someone who lives directly across from the dream park shelter, Healy Ln can be very chaotic with people driving up and down the road looking for a spot, I'm sure the parking situation isn't ideal for visiting families either. | 2/12/2015 10:46 AM |
| 25 | As a horticulturist at Olbrich Gardens, I find a pragmatic approach to beautifying the park with low maintenance (and often native) plants essential. There's plenty of options in this regard as its become standard in urban design and the cost savings over time for the attainable beauty is clear. I just hope the plan is in line with exposing our children to the wonder of nature and what we can have if we think ahead towards how we beautify or urban environments. | 2/11/2015 2:53 PM |
| 26 | Any thing that can be built to give teens something to do since there are very few rec. opportunities for them in the rec. program. | 2/10/2015 6:25 PM |
| 27 | I think increased bike and pedestrian paths are a must. Would also love for a path to connect firemans park parking lot to connect to Winnequah school playground and current pedestrian path. As well as a pedestrian path that led from fireman's park parking lot to connect to gazebo and dream park extending to Winnequah rd. A band shelter would also be a wonderful addition. | 2/10/2015 12:13 PM |

2015 Winnequah Park Master Plan Survey

| | | |
|----|--|-------------------|
| 28 | Thank you for considering noise and lighting impacts on the surrounding neighborhoods. It is understood that some of this will come with the benefits the park has to offer, but each opportunity should not go without consideration, especially if more and more lighted and amplified sound activities continue to be added. It is very much appreciated when special events are communicated to the neighborhood immediately affected for awareness. Thank you for reaching out to the community for feedback! | 2/9/2015 12:37 PM |
| 29 | The thing I love best about Winnequah Park is that it has such a good balance of undeveloped and developed areas. Every square inch of the park should not be used for "programming." There's great value to be had in natural, undisturbed green space - it's a wonderful amenity. I would especially be opposed to any additional or enhanced lighting, which is a huge disruption to the natural beauty of the park. | 2/9/2015 7:04 AM |
| 30 | I vote for maintaining the present facilities, keeping the area as natural as it is or more natural than present. Why this need for "development"(to justify present positions held by certain city employees?) Why develop a need for more maintenance and higher taxes. I adore dogs and have one, but, please, no dog park! | 2/8/2015 11:36 AM |
| 31 | There is a significant need for additional soccer fields in the City of Monona. Thanks. | 2/7/2015 10:05 PM |
| 32 | The Parks director who is currently on staff is a real "go getter" and Monona should do whatever is needed to keep him on staff. Too often in the past Monona has lost good people to other communities because we could not compete with the salary offers that have been made. We can't continue to operate in this fashion. | 2/6/2015 5:05 PM |
| 33 | I would like to see the signage to be consistent through out the park system. Ahuska park has different signage which makes it look like some people in the community are more important than others. It shouldn't matter how much money an organization has. I like the simplicity of Winnequah park and don't want to see alot of stuff installed. I would like to see equipment available for families to check out and use in the park. Also have more area where picnic tables are located. Don't forget the far end of the park. It is great to see the park used on Sundays in the nice weather for picnics by families and groups. This is mostly by the dream park because that is where the tables are located. A walking path would be great that also utilizes the other side of the lagoon and possibly bridges. I would keep the bikes and dogs out of the physical park. The sidewalk that runs the park is a good area for that. More trees and plants. This is a beautiful park and can be used for entertainment and pleasure. | 2/5/2015 2:49 PM |
| 34 | The park has never offered much for me, as the things I would like most in Winnequah Park are: one) natural areas (light-free, dog-free, bike-free, car-free, parking lot-free, sports-free) for those Monona residents like me who want to interact with nature and not with human-made things, and two) a public garden that practices and educates about the biodynamic cultivation of vegetables, fruits, nuts, and flowers--an "Olbrich" of food-producing, life-sustaining plants--and also hosts a greenhouse and cafe that help people see what great and tasty foods can be cultivated right here in Monona. (A park like this exists in Stockholm, Sweden.) | 2/4/2015 10:56 PM |
| 35 | No dog park at this location. No community gardens at this location. The park that never gets used on watermen way is the perfect location for both the dog park and community gardens. | 2/4/2015 9:51 PM |
| 36 | Winnequah park should definitely include walking trails in the portion of the park bounded by Winnequah Rd, Healy Ln, and Nichols Rd. Also, access to the park should be improved from Winnequah Rd in the area of Mathy's Rd and Wyldhaven Ave where there is an existing unmarked entrance. This entrance/access should be better utilized and properly marked. | 2/4/2015 2:36 PM |
| 37 | Monona is a great community and we love living here. I think we should concentrate on what we do not have for kids and families. I see other communities that have more available for families. Our lack of soccer fields amaze me every spring and fall as I travel to all the other local communities and see the huge gap. Let's work on getting more available for kids to do than improve on what we currently have. Improve our current facilities later on please. In the 20 years I have enjoyed our parks, I do not understand why walking paths would take precedent over activities for families. Thank you for your time and thank you for allowing input. | 2/4/2015 1:48 PM |
| 38 | Improve what is there, rather than try to turn it into new things. Ahuska fields are supposed to cover some of the facilities listed on the survey. Focus on the pool & splash park, the dream park shelter and ice skating, the paths and how groups use the softball fields. Other needs should be developed at another site rather than compete for space at Winnequah park. Part of the charm is the open space. And we love all the special events. We really appreciate all the effort and work to make the park a destination. | 2/3/2015 10:53 PM |
| 39 | I think we need more than anything a indoor place for teenagers. They need to socialize outside of their homes with a place with air hockey tables, ping pong, just a place to hang out after school and especially in the winter month. If there will be a regular band place we sure need a German style Beergarten. An outdoor place with food and beer. | 2/3/2015 3:38 PM |

2015 Winnequah Park Master Plan Survey

| | | |
|----|--|--------------------|
| 40 | I grew up in Monona on Winnequah Road with the park right behind our house. Beautiful area but not utilized. My kids play several sports and have opportunities to play in Monona at their facilities. When I compare Monona's facilities to other communities, I just see they are lacking. The Monona/Cottage Grove area need more soccer fields. Soccer is a very popular sport amongst the younger generation. Verona, DeForest, Waunakee all have very nice sports facilities that can support large tournaments. This in itself can help generate income to Monona by having a facility that could have soccer, baseball, softball tournaments. | 2/3/2015 8:30 AM |
| 41 | I would like to see more soccer fields developed in the park. Soccer in Monona has limited options. When not in use for soccer, soccer fields can serve other activities. Unlike skate parks, baseball/softball diamonds, and tennis courts. | 2/3/2015 7:45 AM |
| 42 | Please consider creating a comprehensive soccer area where with fields for U8 through U12 teams. | 2/3/2015 7:40 AM |
| 43 | As part of the Monona Grove Soccer Club it is ironic that we don't even have a home field in Monona. Soccer has grown by leaps & bounds & it is terrible that there is not a dedicated soccer field in Monona. As a resident of Cottage Grove & someone that grew up in Monona it is time for the city to recognize the need for soccer fields. Please consider making soccer fields a priority. Thank you. | 2/3/2015 7:34 AM |
| 44 | soccer is one of the fastest growing sports in the United States and i think it would be a great investment for Monona Parks and Rec | 2/2/2015 8:45 PM |
| 45 | The park is one of the "gems of Monona". It needs to continue to be maintained, enhanced carefully and better utilized in area that are not used. Keeping the green space and with careful consideration to the use for everyone. Better trails/walking areas need to be included for access by EVERYONE- including elderly, disabled, etc. The plot of land accessing the park (Winnequah Road) needs to be included in any plan. The pool needs more room and the combining of the softball diamonds to the north of the pool would give the pool more space and allow the tennis courts to remain as a buffer to the skate park. The "sunken" ground area (South side of Nichols Rd) near the lagoon could be filled in and utilized for additional park area. Please, leave the green space near blue park for the kids to have- maybe including some park benches, fitness area. Making sure it is still available for July 4th fireworks. | 2/2/2015 12:46 PM |
| 46 | There are still people who live across from the park and enjoy the views. I would hate to have the view from our house blocked by big lights, etc. | 2/1/2015 6:29 PM |
| 47 | make sure you keep room for the 4th of July festival; and carnival I'd like to see improved walking/ biking paths expansion of the skateboard park; there are always people there; I haven't heard of any issues; and I'm not a skateboarder, just seems like a good activity; a small dog park could be ok, but seems like there might be other locations; I'm torn on the splash park, assuming that would be free; is there a way to let toddlers into the kiddie pool for free without building something new to maintain; if not, free, then maybe replace the kiddie pool. thanks for asking; putting high grasses around most of the lagoon shorelines will help keep the geese away; and what happened to the dogs in the park to help keep the geese down? | 2/1/2015 8:40 AM |
| 48 | Love the pool !! The women's locker room needs some updates though. The window screens have been bent, and might allow somebody to see into locker room. Thanks for this survey. Love living in Monona. | 1/30/2015 9:42 PM |
| 49 | I feel a community garden in the heart of Monona would help add to the cohesive nature of our city. While many homes in Monona may have a garden in their yard some homes lack the optimal yard space/soil conditions, while others live in apartments or rent their properties. I think creating a community garden with incentives for those without the available space on their property would help bring more people into the community To enjoy other City services such as the pool, the library, the parks and other recreation programs. | 1/30/2015 7:57 PM |
| 50 | I believe a Dog Park in Winnequah Park would create problems with current high usage of the park by all citizens, it's safety, and create an uncomfortable living condition for those property owners next to it. I understand that the city property on Femrite Drive does not want the park, nor did the homeowners on Clearspring. It seems like the agenda for this dog park is politically charged and every park that has been charged with the possibility has had this battle. This is really dividing the community in a negative way. | 1/30/2015 3:47 PM |
| 51 | I think a splash pad would be a great investment for the city if planning allows. | 1/30/2015 2:46 PM |
| 52 | Winnequah Park is fine!!! Please help Schluter Beach become a gem to the community -- it helps connect us as a water community, it connects us to downtown, it's frequently traveled and a highly visible place for visitors who might be considering Monona a place to move to, and proximity to water and downtown is what sets us apart from Cottage Grove, Fitchburg, Middleton, Waunakee, Verona, and many others!!!! | 1/30/2015 1:55 PM |
| 53 | Thank you for taking the time to consider Monona residents opinion! :) | 1/30/2015 11:30 AM |
| 54 | My family lives in McFaland and we visit Winnequah park occasionally. We visit the playgrounds and come for events such as the Easter Egg Hunt and the food cart nights. | 1/30/2015 11:16 AM |

2015 Winnequah Park Master Plan Survey

| | | |
|----|---|--------------------|
| 55 | There is not much to fix - don't over think it. Simple updates could enhance what is already a great park- I am concerned about neighbors adjacent to the park - lit softball fields will be obtrusive and noisy later into the evening - it stays light until 8-9PM - that's late enough. | 1/29/2015 8:51 PM |
| 56 | Any improvements to adult baseball should be entirely funded by adult baseball. | 1/28/2015 7:56 PM |
| 57 | . I do not think Winnequah park would be a good place for a dog park due to the following: Heavy utilization of existing spaces for athletic fields, playgrounds, pool, and dream park. The shelters have been beautifully updated and are rented for parties and such. The updated shelters brings a multitude of various users and if group has rented them for a wedding or graduation or something of that nature I would have concerns of people being uncomfortable with dogs coming and going in the same area. This would have a negative impact on shelter rentals. The pool, skate park and dream park are high traffic areas for kids and parents and again I would have concerns of people managing their dogs around such a busy area. The fields for soccer, softball, volleyball and kite flying is also heavily utilized from the first thaw in the spring to the first snow in the fall. Nichols road and Winnequah road are destinations for several races/runs spring-fall. We have moved the chili cook-off and fall harvest to Winnequah Park and every bit of it gets used. I think Monona needs to revisit the reason a specific park should be designated and funded as a dog park. This will most certainly devalue the land and the homeowners surrounding the area may have a negative impact on value and comfort of living in that area. There must be another answer. | 1/28/2015 5:47 PM |
| 58 | The most important improvement for me would be to allow leashed dogs to be in the park. Monona's parks are seriously dog-unfriendly, and as new resident this was very disappointing to me. Just allowing dogs to be walked on-leash in the park would be great enough, but I'd also appreciate dog waste stations which would encourage owners to pick up after their dogs. | 1/28/2015 10:00 AM |
| 59 | Walking/biking trails would be great, especially the creation of a "loop" - with fitness stations - that could easily be circled to keep track of distance | 1/28/2015 8:12 AM |
| 60 | No dog exercise area. | 1/28/2015 7:16 AM |
| 61 | I think that an outdoor performance area or band shelter would be a wonderful addition to Monona. I think there are so many community and school groups that would use the facility. I am against a fenced dog area in the community of Monona. I do not feel that we have space that is big enough to provide space that is needed. | 1/27/2015 4:50 PM |
| 62 | I like the idea of constructing a stage/bandshell area for community performances and other gatherings that bring people out of their houses. The summer concert series is wonderful. I'd love to see it grow and other events take place as well. Love the idea of community gardens. Yes, yes, yes. I would love an indoor, year-round skating rink ... but that's probably asking too much? If McFarland can support one, maybe we could, too? I know that Monona is short on soccer field space. Even the High School boys have to practice in Cottage Grove, which is inconvenient for Monona residents whose children do not drive or have access to a car. | 1/26/2015 9:51 PM |
| 63 | I think Monona has wonderful facilities but of course there is always room for improvement. The ice skating rink now is something very important to me and the grandsons (also Monona residents). The quality of the ice is a problem as is the lack of a bathroom. Port-a-potties are especially unappealing in the winter.... | 1/26/2015 7:08 PM |
| 64 | Please consider the adults in the community and their needs as they grow older. Monona residents are very good at aging in place and providing enhancements to our parks that will assist in their fitness and use of outdoor places will be very well received, encourage intergenerational engagement and increase the use of this park. | 1/26/2015 3:33 PM |
| 65 | The list of projects is too long. Concentrate on the needs not on what an out of control parks administrator wants. Dollars could be better spent in this community. i.e. new Police & Fire facility on Monona Drive; and areas where more expenditures need to be made such as, curb and gutter on streets that lack them; street repairs and resurfacing, water main replacement. There is also a current pattern of park project turning out to be considerably more costly than when first proposed. What is the cost of the projects. My guess it is so large no one associated with Parks and Recreation want to say. . | 1/26/2015 1:39 PM |
| 66 | Please repair/replace tennis courts... | 1/25/2015 6:37 AM |
| 67 | We need better lighting on the lagoon! Thank you for keeping the lights on longer, though. That is really excellent. I don't buy anything from the ice skating concessions because there is nothing I want. However, If they sold brats, or something similar, I would go broke. Popcorn is for movies, but thank you for offering. A band shell would be really wonderful, just make sure to make it big enough for Carl Davick's concert in the park orchestra. A band shell is really what the concert in the park series needs, since performing in the gazebo means that the audience has very limited sight lines. That partly why I go to see live music: to see the performers. If there was any way you could clean up the water in the lagoon, I would become your disciple. That stuff is naaasty. Same goes for the swimming pool. Id rather swim in the lake. Also, you should do an art festival in the summer. In combination with a band shell, an art festival would define monona as an artistic place, and the park would become a cultural hub as well as a recreational area. Also, there are lots of rich folk in town who would buy art. | 1/24/2015 9:08 PM |

2015 Winnequah Park Master Plan Survey

| | | |
|----|--|--------------------|
| 68 | Thank you for compiling a survey that allows citizens to personally rate and address the needs of the parks and recreation in Monona! Nicer lighting and a four season warming house, along with hockey boards would allow Monona to compete with Madison parks such as Tenney and Olbrich, and the improvements would likely create a bigger draw for families to move to Monona. It would also be great to see more natural features added to the park such as more wetlands, along with some walking/biking trails to allow people to enjoy the landscaping features. Overall this survey was well put together, and in my opinion gave a lot of great examples for folks in Monona to vote on what would be great for improving Winnequah park. | 1/24/2015 4:50 PM |
| 69 | The back half of Maywood park would be good for a dog park. The small lot at the end of Healy and Winnequah would be a good spot for a canoe launch. You may have to expand that parking lot though. Also bathrooms by the kids baseball fields would be nice. There used to be one there. The space that was used to dump on the muck from the lagoon at the blue park would be good for football/soccer field. Or perhaps a dog park? | 1/24/2015 4:32 PM |
| 70 | Splash pad! | 1/24/2015 1:05 PM |
| 71 | As a relatively new resident to Monona I have been impressed with the importance placed on the Park system. We use Winnequah Park daily and because our house backs up to the park we take these plans for the park very seriously. I am happy you are soliciting input from the community, as with everything I hope everyone's voice can be heard, not just a loud minority. Thanks for this opportunity and I look forward to the process of planning. | 1/24/2015 12:38 PM |
| 72 | The park is for people, NOT DOGS. I live next to the park and would absolutely HATE for there to be an ugly smelly dog park in my back yard. It would be an eye sore in the middle of our beautiful neighborhood. Improvements that benefit the children in the neighborhood are most important as Monona attracts more young families like mine. Please, please do not put a dog park in our lovely park. | 1/24/2015 12:13 PM |
| 73 | Trails and more nature areas would be overall one of the most beneficial to the whole community. However I believe the volleyball courts and dog park would also be equally beneficial as well. | 1/24/2015 10:40 AM |
| 74 | I think a fenced in dog park and updated pool (zero depth and splash pad) should be at the top of the list! Thank you for the parks that already exists Monona, they are great! | 1/24/2015 10:28 AM |
| 75 | Please keep the dogs out of the park. This is not a place for a dog park. I would love to see a walking trail with a specified length or mile markers so I could do "laps" and know what distance I covered. Please keep a lot of the area untouched. It is nice to see trees and long grasses. It does not have to have something on every square foot of the land in that part. Please re-do fireman's park equipment. IT really could be improved. With the shelter there being so much better, we are spending more time there and the equipment is terrible. A bike rack by the blue park would be nice. I bike to all of these parks and I would love a place to lock up my bike. | 1/24/2015 10:02 AM |
| 76 | leave winnequah park alone. it does not need any improvements | 1/24/2015 9:36 AM |
| 77 | I checked community gardens but cannot imagine where they would go. If I knew more about the idea I might back it with volunteer time. It would be like when we all put together the dream park, the neighborhoods pulled together and saw each other while dumping bark, etc. I like things that bring people together outside in fresh air! Thanks for working on this project. | 1/23/2015 9:26 PM |
| 78 | No changes needed. | 1/23/2015 7:45 PM |
| 79 | Please make safe walking paths throughout and around and to the park. Much of the perimeter of the park doesn't have sidewalks or even dedicated/marked pedestrian areas. For example, the Winnequah section has high traffic, especially around the curve. This park is a huge asset to Monona, but would significantly benefit more people by becoming more accessible. It should not be so hard to walk to the park, but currently, with many edges of the park having no designated pedestrian access, it is dangerous and difficult just to get into the park. Please make safe access to the park a top concern so the surrounding neighborhoods can easily and safely walk to the park. Park improvements are of little benefit if we can't safely get to the park by foot. | 1/23/2015 6:14 PM |

2015 Winnequah Park Master Plan Survey

| | | |
|----|---|--------------------|
| 80 | The most important thing we can do to improve Winnequah Park is to improve the water quality of the lagoons. They are currently disgusting, and detract from the overall desirability of the park. Improving the lagoons will improve the overall aesthetics of Winnequah Park, attract wildlife, and make it more attractive to people who want to fish or paddle canoes, kayaks or rafts. There is no sense trying to draw people to the park with increased amenities if the primary park feature is going to be a smelly, scuzzy eyesore. Improving the lagoons should be the first step taken before anything else. | 1/23/2015 4:59 PM |
| 81 | There needs to be an ongoing effort to bring people to the park year around. | 1/23/2015 3:35 PM |
| 82 | There's a large unused space behind the homes on Winnequah Road - which the public should be able to access - dog run, disk golf or rec trails to fully utilize the public lands. | 1/23/2015 3:30 PM |
| 83 | Love the parks in Monona. Basketball is huge in my family and it's one of the few sports that you can play by yourself. Kids will shoot hoops by themselves for a good health time if a hoop is available. I like parks with single hoops. When you have a full size courts is when riff raft start to show up to play full court and that's when problems start to occur. Elver Park, Olbrich Park, etc.. have their problems due to outside players coming in, which also brings non playing loitering. It turns into a hangout in the summer which leads to trouble. Winnequah Park being so far off the main drag shouldn't be a problem. Would also like to see the tennis courts fixed up. They are in bad shape. A wall with a line at net level would be awesome for hitting the ball against the wall. Single individuals could benefit from this as a work out. You guys have done an excellent job on the parks already and and any more remodeling/additions would make living here even better. Thanks for everything. | 1/23/2015 12:41 PM |
| 84 | I would love to see the length of the lagoon cleared for ice skating. I would also love to see a bridge across the lagoon accessible from Winnequah Road. Many years ago, when we lived in Monona and wanted to move to a new house, we walked through Winnequah Park and thought we just couldn't leave Monona. The boulders lining the lagoon are a wonderful spot to walk or sit, the large trees, the open areas, the shelter, the playground – they all have their own appeal. I would hate to see this area become over-developed for play or recreation. Leave it a little wild. There are already three playgrounds, many ball diamonds, the pool, the tennis court (which is in desperate need of renovating), the skate park, etc., to allow for supervised or otherwise organized activities. Kids and adults need some freedom to just be. Let's not pave the world. | 1/23/2015 11:38 AM |
| 85 | Less for organized team sports, more for community and family activities. More for enjoyment of the outdoors for everyone, not just groomed rectangles or diamonds. | 1/23/2015 11:00 AM |
| 86 | I think a cemented walkway thorough the houses to winnequah park (and obviously a small bridge over lagoon) for residents living on the baskerville/ manthys streets etc, would be excellent since no sidewalks exist and the road is tight to go around that area to the park. I believe a path used to exist but it is now not clear nor is the bridge up. | 1/23/2015 8:00 AM |
| 87 | I believe you have this feedback from others but after spending time at the beer garden in Milwaukee fell in love with the concept for building community, enjoying a wi staple and as a source of revenue for the park system or other good causes. | 1/22/2015 10:24 PM |
| 88 | Better lighting! And a beer garden would be great for providing great community in the summer time. I think it would increase the use of this park. | 1/22/2015 10:22 PM |
| 89 | A local coffee shop/cafe would be a welcome addition | 1/22/2015 9:33 PM |
| 90 | Dog park please!!!! | 1/22/2015 9:29 PM |
| 91 | Please consider the city's ability to maintain what is created. This park is mowed infrequently and seemingly just before baseball tournaments. Parking needs to be considered as well. | 1/22/2015 5:27 PM |
| 92 | I grew up on Baskerville 54 years ago and I'm still in Monona. I love Monona!! | 1/22/2015 4:37 PM |
| 93 | I think a concession stand or year-round retail shop would add tremendous appeal to the park. Between all the youth events at the fields, the summer events, and even the winter skating, if there were a small shop to get snacks/coffee, etc. it would be a very attractive addition to our community. It doesn't even have to be city-run. What if we approached someone like Crema coffee shop and asked whether they would be interested in leasing a limited-hours cafe in the park? I would not want the city to have to subsidize this other than the initial construction, but I have to believe evenings and weekends could represent some significant potential for such a business. People today love to be able to walk places. Winnequah Park would be a great location within Monona to have a small retail presence while still maintaining the recreational focus of the park. | 1/22/2015 2:20 PM |

2015 Winnequah Park Master Plan Survey

| | | |
|-----|--|--------------------|
| 94 | There aren't a lot of great restaurants within walking distance to Winnequah Park so it's be nice to have even a summertime option. A band space is nice, but being able to draw families out with something for parents as well as kids seems ideal. We've visited friends in Milwaukee often and are so impressed by their parks areas having bier gardens next to playgrounds. Additionally, I think a splash pad is a huge win. It changed our former Middleton neighborhood for the better, and with a growing population of young families in Monona, it seems like an obvious win (and a way to attract more young families). | 1/22/2015 1:29 PM |
| 95 | Fix the tennis courts Add to the Skate Park. I was against the Skate Park before it was put in, but other then litter/trash, it has not been a problem, and is greatly used. I like that it is away from the playgrounds and Dream Park so that the bad words uttered by mid-age youth are not usually heard by younger kids/families. Splash pads are pretty cool for little kids. We need more parking. This is a huge issue on July 4th, and for other events, such as concerts in the park. I would like a small lot by the Gazebo. Something the size of the Fireman's Park lot would be fantastic. | 1/22/2015 1:20 PM |
| 96 | The park already has something for everyone except dog owners..... time to level the field before improving what is there even more. | 1/22/2015 1:14 PM |
| 97 | When I was a kid they used to flood the park/green space across from Schluter beach and the bait shop as an additional place to skate. I know that has nothing to do with Winnequah, but it would be nice to see that happen again, or maybe even at different Monona park. (Maywood? Oneida?) If the space is big enough it could be used for hockey and regular skating. Also when I was a kid Winnequah had those exercise stations where you would run from station to station and do an exercise. Something like that would be fun again too. Overall I love what Winnequah Park currently offers. It has ample green space with the opportunity to provide many different activities. I think it's great how much more it seems we utilize the park with events than we did when I was a kid. Whatever is done, I hope it remains such a flexible space. | 1/22/2015 12:23 PM |
| 98 | Splash pad! Splash pad! :) We'd love to see that here in Monona! | 1/22/2015 11:57 AM |
| 99 | Thank you for the opportunity to provide input on developments within Winnequah Park. If the Parks and Recreation Board decides improving pedestrian access with walking/biking trails through the park is a priority, please consider crushed rock rather than adding more blacktop to the park. If the Board decides that a kayak/canoe launch area is a priority, would the City make kayaks &/or canoes available for check out or rent? | 1/22/2015 11:54 AM |
| 100 | Waukesha has a walking loop that I enjoyed. Austin TX has one to die for. Might be worth studying. Really nice when they go around/by water- which could be done near our lagoon and creek system in the parks. | 1/22/2015 11:41 AM |
| 101 | Park needs to be connected with walking/bike paths. Very inaccessible from northeast side of park. Lights in park would mean youth sport practices can go later, giving parents ability to get kids to practices on time or to be able to volunteer if practices where later. We would like to see soccer be housed at Winnequah Park both Fall and Spring season. | 1/22/2015 11:25 AM |
| 102 | In general, my family would like to have Monona parks to be dog friendly, allowing leashed dogs to walk through the parks without breaking any rules. | 1/22/2015 11:21 AM |
