WHEN DO I NEED A PERMIT?

Building Permits are required for any new residential or commercial building construction, along with any additions and/or changes to the exterior of your building or property; or any additions or changes to the interior of your building. All of the following require building permits:

- New construction
- Additions, including screened porches and decks
- Finishing an unfinished basement
- Bathroom or kitchen remodeling and/or alterations
- Installation of swimming pool, whirlpool, or hot tub
- Installation of wood stoves and fireplaces
- Building an accessory structure (detached garage, shed, boathouse, etc.)
- Any type of electrical, heating, or plumbing work, including replacement of furnace, central air conditioner, water heater, and water softener
- Re-roofing
- Re-siding
- Replacing windows
- Installing a fence

HOW DO I SUBMIT MY APPLICATION?

Please complete the attached application to the best of your ability and **include drawings** for an addition, alteration, fence, deck, shed or the like. You can submit your permit in any of the following ways:

- Click the red "Submit via Email" button on the bottom of the last page of the form; any drawings or plans can be uploaded along with the form. If submitting via email, you must include an electronic signature.
- Print and email your form along with any required drawings or plans to bldinspec@ci.monona.wi.us, or fax to (608) 222-9225.
- Print and return your form and any required drawings in person or mail to:

Building Inspector
City of Monona
5211 Schluter Rd.
Monona, WI 53716

HOW DO I CALCULATE THE FEES?

You don't need to calculate the fees. The building inspector will review your application and plans and calculate the appropriate fees. He will call you when your permit(s) are ready to be picked up at City Hall, and he'll inform you of your fees at that time. Fees can be paid when the permit is picked up.

If you'd like to meet with the inspector in person to discuss your project, it's best to schedule an appointment by calling (608) 222-2525.

Cautionary Statement to Owners Obtaining Building Permits

Sec. 101.65(lr) of the Wisconsin Statutes requires municipalities that enforce the Uniform Dwelling Code to provide an owner who applies for a building permit with a statement advising the owner that:

If the owner hires a contractor to perform work under the building permit and the contractor is not bonded or insured as required under Sec. 101.654 (2) (a) the following consequences might occur:

(a) The owner may be held liable for any bodily injury to or death of others or for any damage to the property of others that arises out of the work performed under the building permit or that is caused by any negligence of the contractor that occurs in connection with the work performed under the building permit.

(b) The owner may not be able to collect from the contractor damages for any loss sustained by the owner because of a violation by the contractor of the one and two family dwelling code or an ordinance enacted under sub.(1) (a), because of any bodily injury to or death of others or damage to the property of others that arises out of the work performed under the building permit or because of any bodily injury to or death of others or damage to the property of others that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit.

Cautionary Statement to Contractors for Projects Involving Building Built Before 1987

If this project is a dwelling or child-occupied facility, built before 1978, and disturbs 6 sq. ft or more of paint per room, 20 sq. ft or more of exterior paint, or involves windows, then the requirements of ch. DHS 163 requiring Lead-safe Renovation Training and Certification apply. Call (608)261-6876 or go to: <http://dhs.wisconsin.gov/lead/WisconsinRRPRule.htm> for details of how to be in compliance.

Wetlands Notice to Permit Applicants

You are responsible for complying with state and federal laws concerning the construction near or on wetlands, lakes and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the Department of Natural Resources wetlands identification web page or contact a Department of Natural Resources service center.

Additional Responsibilities for Owners of Projects Disturbing One or More Acre of Soil

I understand that this project is subject to ch. NR 151 regarding additional erosion control and stormwater management and will comply with those standards.

IMPERVIOUS AREA CHANGES			
<p>IMPERVIOUS SURFACE, as defined in the Monona Code of Ordinances, Chapter 216-4 – Erosion and Stormwater Control Definitions, is land cover that prevents rain or melting snow from infiltrating into the ground, such as roofs (including overhangs), roads, sidewalks, patios, driveways and parking lots. All road, driveway or parking surfaces, including gravel surfaces, are considered impervious, unless specifically designed to encourage infiltration and approved by the Director. Decking is considered impervious by Dane County standards if the soil beneath the decking is anything other than top soil or native soils. Decking is considered an impervious surface unless the property owner can prove otherwise.</p> <p>Please check the box next to ONE of the descriptions below that best describes the changes to the parcel and fill out the information required under each heading.</p>			
1) <input type="checkbox"/> PROJECT WILL NOT CHANGE THE IMPERVIOUS SURFACE ON THE EXTERIOR OF THE PROPERTY			
2) <input type="checkbox"/> FULL DEMOLITION WITH <u>NO</u> REBUILD			
Were ALL impervious surfaces demolished and/or removed?		<input type="checkbox"/> YES	or <input type="checkbox"/> NO
If YES, should the new square footage of impervious surfaces be " 0 " ?		<input type="checkbox"/> YES	or <input type="checkbox"/> NO
3) <input type="checkbox"/> PARTIAL DEMOLITION WITH <u>NO</u> REBUILD Impervious area post construction: _____ Sq. Ft.			
OR			
4) <input type="checkbox"/> PARTIAL DEMOLITION WITH REBUILD Impervious area post construction: _____ Sq. Ft.			

5) **NEW ADDITION**

Final Impervious Area according to site/building plan: _____ Sq. Ft.

** (Impervious space added to original structural footprint. Do not add impervious sq. ft. for any area of the new addition that is replacing impervious space from the original footprint of the existing structure.)

OR

6) **NEW ADDITION: EXTERNAL FACILITY ONLY** (non-attached garage, shed, boathouse, patio, deck)

Final Impervious Area according to site/building plan: _____ Sq. Ft.

** (Impervious space added to original structural footprint. Do not add impervious sq. ft. for any area of the new addition that is replacing impervious space from the original footprint of the existing structure.)

7) **FULL DEMOLITION WITH NEW CONSTRUCTION**

Were all impervious areas demolished before new construction? YES or NO

Final impervious area per the site/building plan: _____ Sq. Ft.

8) **NEW CONSTRUCTION ON PREVIOUSLY VACANT LOT WITH 0 sq. ft. OF EXISTING IMPERVIOUS**

Final impervious area per the site plan: _____ Sq. Ft.

DOCUMENTATION REQUIREMENTS

Site or building plans and/or map clearly defining impervious surface area changes must accompany this application and any building permit application for projects that will change the amount of impervious surfacing on a parcel. Site/building plans must have clearly labeled dimensions for all impervious surfaces.

SITE or BUILDING PLANS ATTACHED: YES or NO

I hereby certify, under penalty of perjury, that the above information is true and correct, and I understand that any future changes to the scope of work described above that result in a change in the impervious areas indicated above must be reported to the City via a re-submission of this form. I further understand that any information provided may be confirmed through site inspections and/or GIS technology.
