Monona Public Library is on Beanstack!
Sign up June 1 to July 31 at: mononallibrary.beanstack.org.

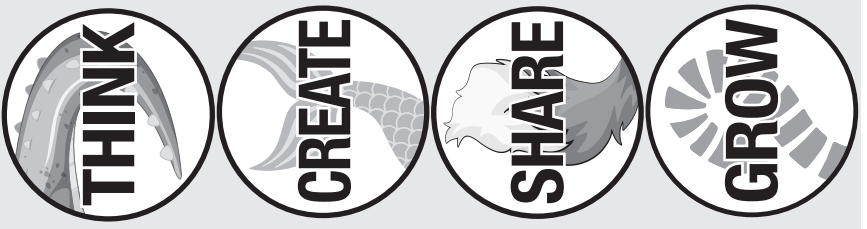

We have made our reading program virtual with all the same benefits: that good feeling as you reach your literacy goals, while also earning fabulous prizes! This optional paper log is designed for all ages to use if you prefer to track your reading and mark off completed activities on paper. Participants will earn tickets as they complete reading and activity badges. Visit the "Summer Reading Program" page of our website for more information on completing badges.

Families/Caregivers: please enter your child's progress into Beanstack as they log their reading. This will allow your child to choose which prize drawings they want to enter their tickets into.

Patrons are welcome to turn in paper logs of their progress. Logs turned in without a Beanstack account will have ticket rewards evenly dispersed into all available drawings based on age level.

Make reading a daily habit. For each day you read and each activity you complete, mark off a circle. Once you fill in all of the circles, turn in this log by Aug. 31 for entry into a random drawing for prizes. You do not need to complete the entire log to enter. Take a photo of your log and email it to youth@mononallibrary.org or bring it to Monona Public Library.

ACTIVITIES

READING

Visit mononallibrary.beanstack.org to enter your reading progress and enter earned tickets into prize drawings.
